

# Module 3: Understanding Nutrients (10 min)

*Learning Objective: Identify key nutrients used in carabao feed formulation and understand how they are organized within the system.*

---

## Lesson 8 – Navigating the Nutrients Module (10 min)

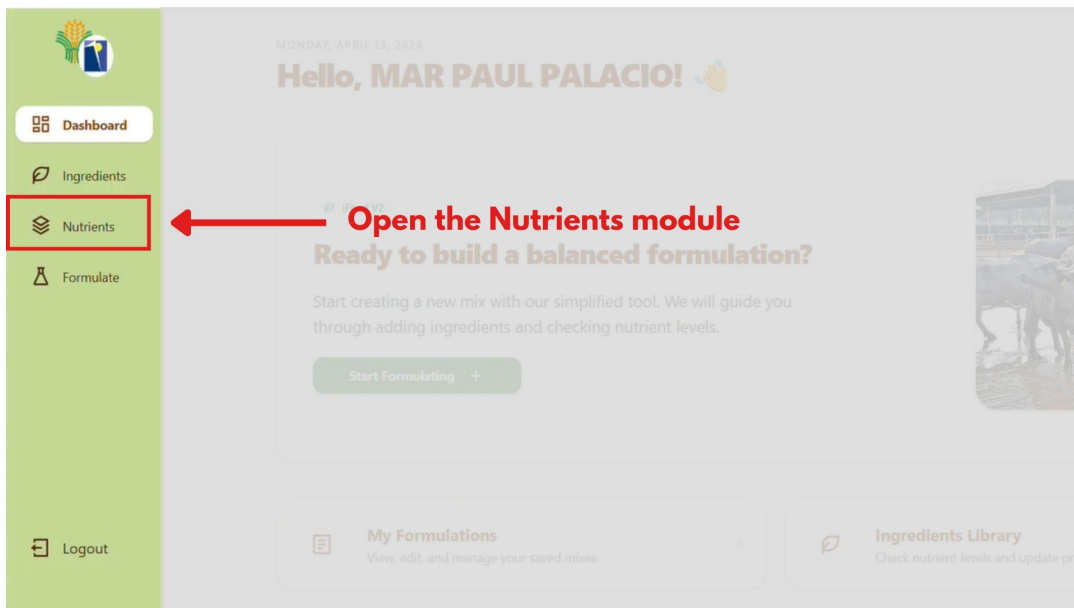

### Overview

Understand nutrient abbreviations, descriptions, units, and nutrient groups.

**Step 1. Click the Nutrients section in the Sidebar.**

**Step 2. View each nutrient's:**

- Abbreviation
- Name
- Unit
- Description
- Nutrient Group

*Open the Nutrients module*

**Step 3. Use the Search button to look up nutrients by name.**

Nutrients

## Test Cases

### Search Test Cases

| Input                 | Expected Result             |
|-----------------------|-----------------------------|
| Dry Matter            | Dry Matter nutrient appears |
| Crude Protein         | Crude Protein appears       |
| Invalid nutrient name | No results found            |

## Filter Test Cases

| Action                   | Expected Result                 |
|--------------------------|---------------------------------|
| Filter by nutrient group | Relevant nutrients displayed    |
| Sort A–Z                 | Nutrients sorted alphabetically |
| Clear filters            | Complete nutrient list restored |
